Dynamic Pressure Relief

CE

DU2 Overlay System

Designed and manufactured in the UK, the DU2 Overlay System by Gioco Ltd. offers a quality and affordable dynamic mattress system with genuine traceability of source of design and manufacture.

The experience gained from building tens of thousands of bed pump units over the past 10 years has led us to improve build quality to a point where we are able to offer a **5 year warranty***.

This is a basic system which still offers a raft of features including, low pressure sensing, mains failure alarm and the option to run in either static or dynamic mode.

The DU2's simple design, including mattress air cells constructed from high quality PU film, offers good value for money whilst delivering very good clinical results.

* To qualify for 5 year warranty system must be serviced by Gioco Ltd on an annual basis.

Dynamic

1. Designed and Manufactured in the UK
2. Certified to EN ISO 13485:2012
3. x20 PU air cells
4. Easy to use CPR deflation system
5. Full set of system alarms

DU4 Mattress Replacement System

Designed and manufactured in the UK, the DU4 Mattress Replacement System by Gioco Ltd., offers a quality and affordable dynamic mattress system built at our production facility in Bedfordshire, England.

By using high quality materials, including a fully HF Welded Dartex top cover, we are able to offer a **5 Year Warranty*** on the pump and air cells.

This high end system offers a full house of features including low pressure alarm, mains failure alarm, system fault alarm and the option to run in either static or dynamic mode.

A care mode is also included to enhance nursing care, with the system automatically switching back to alternating mode after 20 minutes.

The combination of a sophisticated pump, 300um PU film air cells and a 50mm foam insert within the base and a vapour permeable Dartex top cover, ensures clinical excellence.

* To qualify for 5 year warranty system must be serviced by Gioco Ltd on an annual basis.

Dynamic

1. Designed and Manufactured in the UK
2. Certified to EN ISO 13485:2012
3. Near Silent Operation
4. Microprocessor Controlled System
5. Electronic Pressure Regulation

Technical Specifications

DU2 Pump Unit

Serial Number.....	As per label on rear of pump
Electrical Supply.....	220 – 240 volt, 50 Hz
Power Consumption.....	10 watts
Fuses.....	TA1H 250V
Protection against shock.....	Class 2
Noise Level.....	Approx. 25 dB
Dimensions.....	265 x 175 x 90 mm
Weight.....	1.6 kg
Service Interval.....	12 months / 8760 hours
Expected life.....	5 years
Shelf life of parts.....	5 years

DU2 Overlay Mattress

Serial Number.....	Label on air tube of mattress
Number of Air Cells.....	20 Air Cells / 3 Static Pillow Cells
Dimensions.....	1990 x 900 x 100mm (Nominal)
Weight.....	4kg
Expected life of Mattress Cells.....	5 years
Shelf life of Mattress parts.....	5 years

DU2 Patient Profile

Max. Patient Weight.....	127 kg (20 Stone)
Patient Risk Level.....	Medium Risk Patients
